

WHAT YOU NEED TO KNOW ABOUT DTV

**A Presentation by the
Federal Communications Commission
to be followed by a Question and Answer Session**

**WEDNESDAY, MAY 14, 2008
6:00 P.M.
HUMBOLDT COUNTY MAIN LIBRARY**

Are you ready for digital television? The Humboldt County Library will host an information session on the Digital Television Transition on Wednesday, May 14 at 6:00 p.m. A representative from the Federal Communications Commission will visit the area to discuss the upcoming change which requires that all television stations switch from analog to digital broadcasting on February 17, 2009.

Consumers will be given the opportunity to ask questions and learn what is necessary to receive digital broadcasting. This is an opportunity to learn more about the compatibility of television receivers, tuners, converters, satellite equipment, HDTV, VCRs, DVD players, camcorders, video games and more. The digital-to-analog converter box coupon program, operated by the National Telecommunications and Information Administration, which runs from January 1, 2008 to March 31, 2009 will be explained.

Issues pertaining to closed captioning for DTV will also be discussed. A question and answer session will be held following the presentation. It is anticipated that this will be the only visit by an FCC representative prior to the DTV transition so residents are encouraged to take advantage of this opportunity. For more information contact the FCC at 1- 888-CALL-FCC (1-888-225-5322).
